Abstract (Basic): FR 2625677 A

Aerosol compositions containing, as active ingredients, 50-99.995% by weight of an antiseptic (I), and 0.005-50% of a bronchodilator (II), the sum of these being 100% of the active contents, are new.

The antiseptic (I) is a vegetable essential oil, particularly pine, eucalyptus, clove, turpentine, mint, savory, Ceylon cinnamon, origano and geranium oils. Compositions containing at least 30% turpentine, 10-40% eucalyptus, and 3-30% clove oils are particularly preferred.

USE - Treatment in man and animals of pathological respiratory disorders, and maladaptation syndrome to industrial conditions of rearing.
